OUR BUSINESS IS DEPENDENT ON TWO EVENTUALITIES

Increasingly demanding citizens seeking responsive government services

More people needing to travel more than ever

OUR BUSINESS IS CENTRED ROUND BOTH REALITIES

We entered the broad multi-service G2C space

We have scaled our consular services business

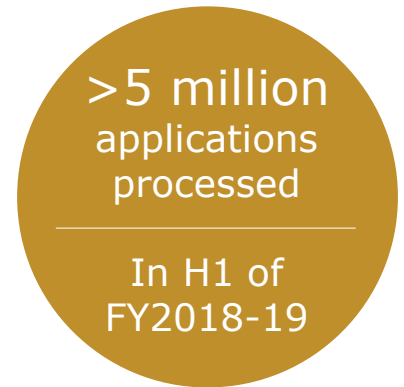

THIS HAS BEEN THE RESULT

Applications processed across the years

Applications processed in the last 3 financial years

THIS IS HOW WE EXPECT TO TOUCH A BILLION LIVES

- Examine how the large range of legacy customer-facing services can be modernized to deliver services efficiently using technology
- Widen our presence across a larger number of existing customers
- Explore a large number of engagements in the nascent G2C (government to customer) space, leveraging our moat
- Leverage synergies and extend to adjacent business spaces
- Convince governments of the superior proposition in outsourcing customer-interfaced services
- Value proposition

Better quality

Superior engagement

Liberate customer bandwidth

Lower cost

Disclaimer. We are not a software services company. We provide skill-led customer interfacing services supported by technology, economies and data integrity

INTEGRATED G2C SERVICE MODEL

PART B

The drivers of our success

THE MOAT: UNIQUE BUSINESS MODEL

Focus

- Specialised focus on the government-to-customer niche (G2C)
- Domain knowledge + Technology insight
- Continuously upgrading Product Solution offering

Contract nature

- Low input - high output – long tenure – low revenue per person - high throughput = high ROCE
- Mass management of service delivery
- Business requiring front-ending with customer's customer
- Multi-year engagement (renewed by re-bidding)

Cash flow management

- Direct revenue collection from consumer
- Collected fee for and on behalf of Principal (government)
- Opex driven
- Negative-working capital business

Presence across geographies

- Work all across the globe with developed country government & developing country governments
- Continuous and perpetual audit preparedness

Market expansion

- Focus on entering virgin markets and sectors (where outsourcing is new)
- Focus on converting in-source to out-source model by governments
- Market penetration through more service offerings

Profitability

- Profitable and scalable business model
- Asset-light investment: high returns
- Continuously improving margins
- Investment in technology

THE VALUE WE BRING TO THE OPPORTUNITY: AGILITY

AGILITY: HOW WE HAVE TRANSFORMED IN THE LAST FEW YEARS

80% of revenues from Indian government (pre-2016)

80% of revenues from multi-country governments (2017-18)

50-employee organisation in 2005

9000-employee organisation, 2017-18

Majority of engagements from Indian missions earlier

Majority of engagements from non-Indian missions today

Non-biometric engagement in the past

Large biometric leap today

Focused consular service approach earlier

Consular service and e-governance approach today

Bid independently for global contracts earlier

Bidding collaboratively for global contracts

Promoter-driven earlier; corporatized

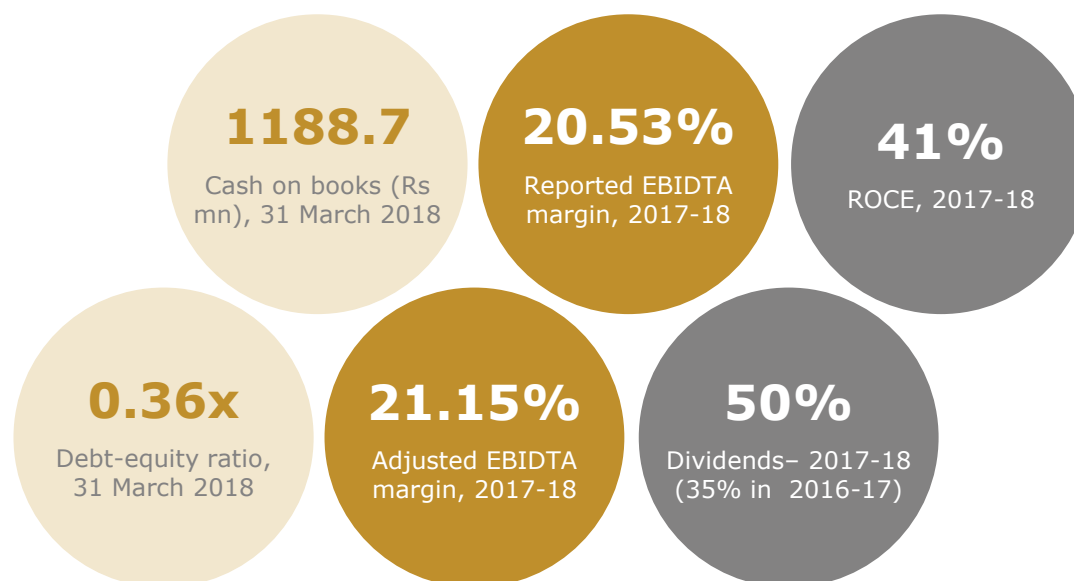

Professional-driven today

Standalone approach earlier

BALANCE SHEET STRENGTHS

- The G2C outsourcing business is cash-accretive: generates more cash than it consumes
- The Balance Sheet is liquid with attractive cash on the books
- The company is under-borrowed – debt-equity ratio of only .36
- The business is high margin – EBIDTA margin was 20.53%, 2017-18
- High return on capital employed – 41% in FY18

THE TECHNOLOGY EDGE

- The company possesses proprietary capability in designing G2C solutions
- Proactive investment in technology-enabled protection of client data (pre-GDPR)
- Focus on asset-lightness: open source + cloud + centralised server
- Enhancing systemic security, robustness and uptime through seven data centres
- Combining G2C domain knowledge and cutting-edge technology – an effective solution provider
- Protecting customer interest through confidence-enhancing certifications (ISO 9008, ISMS 27001, ISO 23026)
- All explicit consents are taken before collection of information and transfer of data, both alphanumeric and biometric and all personal data (PII) is destroyed after the end of objective of the data has been achieved
- ISMS 27001 Information Security Management System (ISMS)-certified – which mandates that all applicable statutory, regulatory and contractual requirements shall be notified using the local statutory and regulatory requirements of the host country where the VACs are located
- Stringent security measures are implemented to protect data against accidental or unlawful destruction, loss or alteration, unauthorised disclosure, abuse or other procedural violation of established norms

BLS INTERNATIONAL REGISTERS A REMARKABLE PAT GROWTH OF 20% IN THE HALF YEAR OF FY19

BLS INTERNATIONAL REGISTERS REMARKABLE PAT GROWTH OF 23% IN THE SECOND QUARTER OF FY19 *continued...*

Commenting on the financial performance of the company for the quarter **Mr. Nikhil Gupta, Managing Director, BLS International Services Limited**, said, “The second quarter of FY19 was significant for us with commencement of operation of two new projects – firstly, the new contract of **citizen services** by the **Punjab** Government and secondly servicing the **French Embassy in Jordan**. We are also proud that during this quarter BLS International not only got listed in **Forbes Asia’s ‘Best Under A Billion’** company list but also received **Spain Esquema Nacional de Seguridad** (ENS – National Security Framework) accreditation after rigorous assessment and audits by ENS Certification Entity from Spain.

This quarter was also noteworthy for the number of collaboration contracts that BLS International entered into with foreign companies to help strengthen its presence in various markets, such as the agreement with Vision Box - Soluções de Visão por Computador, S.A in connection with specific opportunities in the Territory of Portugal; another agreement with Any Security Printing Company Plc., a company existing under the laws of Hungary and engaged in providing consultancy support in Server Operations, to collaborate and pursue the Tenders of Ministry of Foreign Affairs, Hungary, globally; and the agreement with Speed Identity AB to cooperate in connection with specific projects or opportunities for Ministry of Foreign Affairs of Sweden, Denmark, Finland and Norway. Speed Identity AB is a company existing under the laws of Sweden which is expert service provider of Biometric Hardware and Software product and services.

The Spain global contract that BLS International bagged in December 2016 yielded strong results for the second quarter of FY19 as well. With a total of 124 BLS operated Spain VACs in 49 countries, the count of applications increased by 10% since BLS International took over Spain’s visa application processing.

In this quarter BLS International was also conferred with two prestigious awards first for the “**Excellence in the Travel Sector**” award at the CMO Asia's Best CSR Practices Awards and Mr. Shikhar Aggarwal, JMD, BLS International won the “**Young Achiever Award of the Year**” at Times Network’s National Award for Marketing Excellence in Travel and Tourism industry.”

LAST WORD

“At BLS International, we believe that our deep experience in consular services provides us with a foundation to extend into the adjacent business spaces of a range of G2C services. We believe that our outperformance in the consular services niche provides with the foundation to enter a considerably larger space with unique skills. The result is that we have grown rapidly in the last few years; we expect to sustain or accelerate growth from this point onwards.”
