- Collection of finger prints, facial photo, retina scan, etc. with/without passport processing

Customer Convenience Services

BLS also offers a host of additional services for travellers' convenience;

Form Filling

Photograph Services

SMS Alerts

Email/ Printing

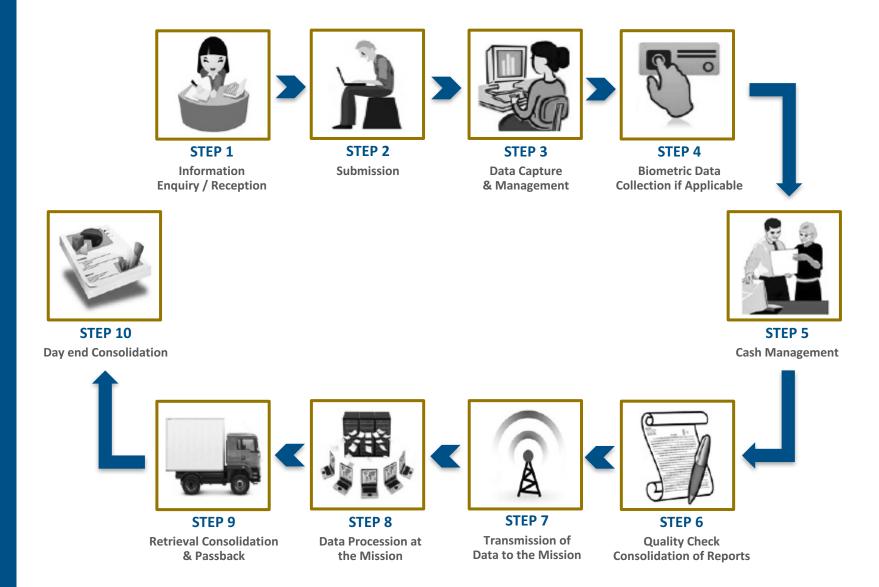

Typical Process Flow For Visa, Passport & Consular Processing

Key Contract Terms: An Illustration

- 1. The contract signed between the Consulate/Ministry/Government and the Service provider is exclusive in nature
- 2. These projects are on a BOO (Build, Own and Operate) basis wherein:
 - All the expenses are borne by the company and the same is recovered/included within the service fee collected
 - BLS makes arrangements for physical as well as IT infrastructure and manpower as per the requirement laid down in RFP document
 - Service provider also collects the govt. fee and the same is remitted to the government, while retaining the company's service fee component
- 3. Typical Term: 3-5 years
- 4. Eligibility Criteria for Bidding Companies: High entry barriers, thus very few players meeting the eligibility conditions for bidding globally

Domain Experience

- Must have a minimum number of years of relevant industry experience
- Simultaneously they must have multi-country, multi-location (within a particular country) and multi-counter (within a particular center) operations of a minimum percentage

Strong Financials

- Should have a minimum net worth
- The average annual turnover should be at least a specified minimum

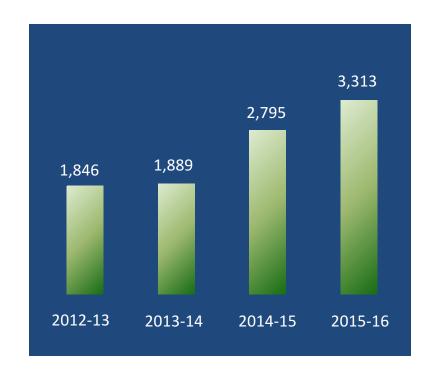

Operational Track Record

BLS Total application Count (Million)

Revenue per Visa/Passport & Consular Services Application (in INR)

Human Resources For Visa, Passport & Consular Services Business

- Global resource pool of 5800+ employees
- Strong foothold in training, local legal compliances, staff retention

e-Governance Business

E-Governance Overview

Government of India has clear focus on increasing transparency, delivering benefits directly to citizen under the ambit of Digital India Program:

- 1. Aimed at providing electronic services to every citizen
- 2. 44 Mission Mode projects covering a wide range of domains, viz. agriculture, land records, health, education, passports, police, courts, municipalities, commercial taxes, treasuries etc.*
- 3. Indian Citizen to get benefits of Integration in terms of saving his/her time and money
- 4. State Governments implementing Single Window System, whereas departments will be integrated (under e-District project) and services will be outsourced to External Service Providers
- 5. Computerization of departments and roll out of the centers by delivering IT infrastructure, software, manpower and operation for 5-10 years tenure (depending upon the contractual terms)
- 6. Vision of Digital India **

E-Governance Overview

The Company forayed into e-Governance with the Punjab Sewa Kendra Project

- Large & unique e-Governance project in India
- All government services to be provided through a single window system
- BLS will be delivering more than 223 services which come under Right To Services Act, in close coordination with more than 17 departments
- Punjab State e-Governance Society (PSeGS) were already running 160 "Suwidha Kendra" for last five years delivering 70 services in the State of Punjab; these are now part of the 2147 Sewa Kendras
- Sewa Kendras strategically located within
 2.5 kilometers distance from one another
- BLS will collect government fee and service charges upfront along with the applications
- Physical infrastructure provided by PSeGS; IT infrastructure and manpower to be supplied by BLS
- All utility bills to be deposited through these Citizen Service Centers (CSCs)**

Strategy

Passport and Visa Application Services: Growth and Market

- International travel is consistently increasing with every passing year, fuelling the number of visa applications.
- 2015 marks the 6th consecutive year of above-average annual growth of 4% or more since 2010, as per the UNWTO.
- International tourist arrivals grew by 4.4% in 2015 to reach a total of 1,184 million, This translates to 50 million more international tourists in 2015 as compared to 2014.
- UNWTO forecasts international tourist arrivals to increase by 3.5% to 4.5% over the full year 2016.
- UNWTO's long-term projection stands at 3.8% growth a year for the period 2010 to 2020.
- Governments across the world are outsourcing handling of Visa and Passport Applications to Private Companies. In India, TCS was awarded the Passport Automation Project in 2008, opening the doors for more companies to be service providers to the government.

BLS well-positioned to seize the growing opportunities

- Presence in 24 countries
- Stringent prequalification criteria for all contracts restricting number of players worldwide

E-Governance Space: Growth and Market

- The Indian Government has shown intent and commitment to accelerate the promotion of the e-governance model for transforming the manner in which it renders public services.
- Projects being implemented in both Government-to-Citizen (G2C) and Government-to-Business (G2B) domains, across central ministries and state departments.
- Government leveraging solutions and services from specialist service providers and IT-BPO industry to realize the vision of Digital India.
- Revamping of Mission Mode and Other e-Governance Projects like Transport, PDS, e-Prisons, National Scholarship Portal, Payonline, Checkpost online, etc.
- Apart from India, South East Asian countries also opening up opportunities for players in the e-governance domain.

Return Ratios

Return on Capital Employed (%)

Return on Equity (%)

Quarterly Highlights

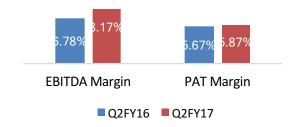

All figs. in Rs. Crore

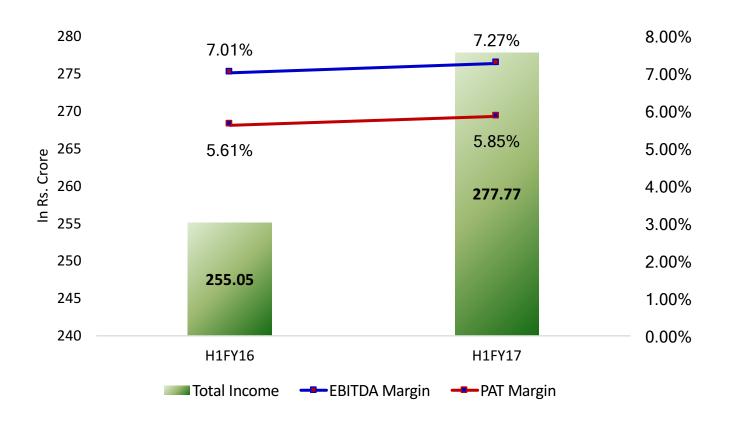

- The increase of Revenue and PAT this quarter has been on the back of significant operational performance improvement with existing contracts; whereas some revenue has been posted on account of new eGovernance project
- The company has executed 40% of the Punjab project by opening 818 centres till 30th September 2016
- The improvement in the operating margins are on account of better yield per application in the visa business
- Due to increase in tax because of increase in Indian operations, the PAT margin has not been able to reflect the same
